

PUSHPAGIRI

We care God cures

COLLEGE
OF
NURSING

INTERNATIONAL WEBINAR ON INNOVATIVE TEACHING STRATEGIES

July 2021
8,9,10
2:45 PM to 4:00 PM

Organized by: First Year MSc Nursing Students (2020-2021)

PUSHPAGIRI COLLEGE OF NURSING

ABOUT US

Pushpagiri College of Nursing is one of the first private self-financing nursing colleges in Kerala, established by Pushpagiri Medical Society which is having more than six decades of history in nursing education and care. Pushpagiri Medical College Hospital is the parent hospital for training, which is having 900 beds with all specialties and super specialties providing the students clinical experience under one roof. This college is recognized by INC, KNMC & KUHS. Here in this college we have superlative faculties, extensive library facilities and high tech laboratories. Besides B.Sc. Nursing we offer M.Sc. Nursing course too.

ABOUT THE WEBINAR

Teaching learning process is the heart of education. The purpose of education is not making a student literate, but adds rational thinking, knowledge, ability and self-sufficiency. To attain this, the teacher needs to adopt learner centered teaching strategies and because of this reason itself we have to focus more on learner centered teaching methods. So traditional classroom teaching methods need to be complemented with innovative teaching methods which is also technology driven. Innovative teaching means creativity and novelty of the teacher which changes the style and method of teaching. So the students should be taught in a manner to tackle the 21st century, which requires creative and innovative minds for the progress of individuals, society and nation.

OBJECTIVES

At the end of the webinar the participants will be able to:

- Explore the purposes and types of different innovative teaching methods.
- Apply innovative teaching strategies at school and college level.
